

# **Advances in the Canine Cranial Cruciate Ligament, 2nd Edition**

## **Table of contents**

About the Editor

Foreword

Kenneth A. Johnson

Foreword

*R. Randy Basinger, ACVS Foundation*

Preface

*Peter Muir*

Acknowledgement

Contributing Authors

## **Section I: Structure & Function**

Introduction

*Peter Muir*

Chapter 1: Morphology and function of the cruciate ligaments

*Hilde de Rooster, Eithne Comerford*

Chapter 2: Biomechanics of the cruciate ligaments

Susannah J. Sample

Chapter 3: Cruciate ligament remodeling and repair

Connie S. Chamberlain, Erin E. Crowley, Ray Vanderby Jr.

Chapter 4: Meniscal structure and function

Antonio Pozzi, James L. Cook

Chapter 5: Biomechanics of the normal and cranial cruciate-deficient stifle

Antonio Pozzi, Stanley E. Kim

## **Section II: Etiopathogenesis of Cruciate Ligament Rupture**

Introduction

*Peter Muir*

Chapter 6: Histology of cranial cruciate ligament rupture

*Kei Hayashi*

Chapter 7: Genetics of cranial cruciate ligament rupture

*Lauren A. Baker, Peter Muir*

Chapter 8: Cruciate ligament matrix metabolism and development of laxity  
*Eithne Comerford*

Chapter 9: Morphological risk factors for cruciate ligament rupture  
*Eithne Comerford*

Chapter 10: Role of nitric oxide production and matrix protease activity in cruciate ligament degeneration  
*David E. Spreng, Simone Forterre*

Chapter 11: Role of antibodies to collagen type I and II  
*Hilde De Rooster, Eithne Comerford*

Chapter 12: Synovitis precedes stifle instability associated with cruciate ligament rupture  
*Jason A. Bleedorn*

Chapter 13: Role of synovial immune responses in stifle synovitis  
*Peter Muir*

### **Section III: Clinical Features**

Introduction  
*Peter Muir*

Chapter 14: Epidemiology of cranial cruciate ligament rupture  
*Lauren A. Baker, Peter Muir*

Chapter 15: History and clinical signs of cruciate ligament rupture  
*Peter Muir*

Chapter 16: Partial rupture of the cranial cruciate ligament  
*Peter Muir*

Chapter 17: Caudal cruciate ligament rupture  
*Peter Muir*

Chapter 18: Stress imaging of the stifle  
*Stanley E. Kim 234*

Chapter 19: Stifle ultrasonography  
*Cristi R. Cook*

Chapter 20: Computed tomography (CT) of the stifle  
*Ingrid Gielen, Henri van Bree*

Chapter 21: Magnetic resonance imaging of the stifle  
*Peter V. Scrivani*

Chapter 22: Risk prediction of cruciate ligament rupture using stifle diagnostic imaging  
*Peter Muir*

## *Section IV: Surgical Treatment*

### **Introduction**

*Peter Muir*

### **Chapter 23: Arthroscopy and arthrotomy of the stifle**

*Brian S. Beale, Donald A. Hulse, Antonio Pozzi, Peter Muir*

### **Chapter 24: Joint Lavage**

*Peter Muir*

### **Chapter 25: Extracapsular stabilization**

*Selena Tinga, Stanley E. Kim*

### **Chapter 26: Intra-articular repair for cranial cruciate ligament rupture in the dog**

*Jeffery J. Biskup, Michael G. Conzemius*

### **Chapter 27: Tibial plateau leveling osteotomy**

*Susan L. Schaefer*

### **Chapter 28: Tibial tuberosity advancement**

*Randy J. Boudrieau*

### **Chapter 29: Closing cranial wedge osteotomy and triple tibial osteotomy**

*Simon C. Roe*

### **Chapter 30: Treatment of excessive tibial plateau angle**

*Michael P. Kowaleski*

### **Chapter 31: Surgical management of cranial cruciate ligament rupture combined with patella luxation**

*Anke Langenbach, Denis J. Marcellin-Little*

### **Chapter 32: Biomechanics of the cranial cruciate ligament deficient stifle treated by tibial osteotomies**

*Antonio Pozzi, Stanley E. Kim, Selena Tinga*

### **Chapter 33: Arthroscopic follow-up after surgical stabilization of the stifle**

*Brian S. Beale, Donald A. Hulse*

### **Chapter 34: Cranial cruciate ligament debridement**

*David E. Spreng*

### **Chapter 35: Surgical treatment of concurrent meniscal injury**

*Samuel P. Franklin, James L. Cook, Antonio Pozzi*

### **Chapter 36: Meniscal release**

*Antonio Pozzi, James L. Cook*

Chapter 37: Progression of arthritis after stifle stabilization surgery  
*Susannah J. Sample*

Chapter 38: Clinical outcomes after surgical treatment for cruciate ligament rupture  
*Mary Sarah Bergh, Steven C. Budsberg*

Chapter 39: Success and failure after stifle stabilization surgery  
*Michael G. Conzemius, Richard B. Evans*

Chapter 40: Diagnosis and management of orthopaedic infection after stifle surgery  
*Noel Moens*

## **Section V: Medical Management of Cruciate Ligament Rupture**

Introduction  
*Peter Muir*

Chapter 41: Medical therapy for stifle osteoarthritis  
*Steven C. Budsberg*

Chapter 42: Rehabilitation for dogs with cranial cruciate ligament rupture  
*Denis J. Marcellin-Little, Courtney J. Arnoldy*

## **Section VI: Future Directions**

Introduction  
*Peter Muir*

Chapter 43: Clinical research design and patient-orientated outcomes  
*Dorothy C. Brown*

Chapter 44: Total knee replacement in the dog  
*Matthew J. Allen, William D. Liska, Valentina Brioschi*

Chapter 45: Regenerative medicine and cranial cruciate ligament repair  
*Gabriel S. Perrone, Martha M. Murray, Patrick Vavken*

Chapter 46: Disease-modifying medical and cell-based therapy  
*Susannah J. Sample, Peter Muir*
